EDUCATION

JNTUH College of Engineering Hyderabad

Bachelor of Computer Science and Engineering

CGPA : 8.6

Sep. 2023 – Sep 2027

Tagore Junior collage

Board of Intermediate Education – (MPC)

Percentage : 89.3%

July. 2021 – July 2023

PROJECTS

Crime Reporting & Case Management System | Python, Django, Tailwind CSS, MySQL

- Built a Django-based Crime Reporting System to securely submit, manage, and track crime reports online.
- Implemented authentication and role-based access control for users, police, and administrators.
- Developed case tracking and status update workflows to improve transparency and reporting efficiency.
- Designed responsive dashboards and forms using Tailwind CSS and JavaScript.
- Ensured secure data handling and integrity using Django's built-in security features.

Real-Time One-to-One Chat Application | Mongo DB, Express.js, React.js, Node.js, Socket.IO

- Designed and developed a real-time one-to-one chat application using the MERN stack and Socket.IO for low-latency, bi-directional communication.
- Implemented secure email-based OTP authentication for verified user sign-up and login.
- Developed a responsive React.js UI with live state synchronization across connected clients.
- Engineered scalable backend APIs using Node.js, Express.js, and MongoDB.

TECHNICAL SKILLS

Languages: Java, Python, C, SQL (MySQL), JavaScript, HTML/CSS

Frameworks: Django, Express.js

Developer Tools: Git, GitHub, VS Code, Postman API, Node.js

Libraries: Pandas, NumPy, Matplotlib, React.js

CERTIFICATION

Meta React Basics Certification

Platform : Coursera

2024

Meta JavaScript Certification

Platform : Coursera

2024

HackerRank Problem Solving Certification

Platform : HackerRank

2025

EXTRACURRICULAR ACTIVITIES

Coding Club Coordinator – JNTUH |

Aug 2025 – Present

- Organized coding contests, hackathons, and workshops to promote programming culture among students.
- Coordinated with faculty and peers to conduct technical events, coding sessions, and mentorship programs.
- Guided club members in competitive programming, problem-solving, and project development.
- Collaborated with other university clubs for interdisciplinary projects and technical fests.

ACHIEVEMENTS

Solved 500+ Data Structures & Algorithms Problems — LeetCode Profile

LeetCode & Greeks for Greeks

Achieved 5 in Problem Solving

HackerRank

Participated in LeetCode Weekly Contests

Ranked top 7% in LeetCode weekly contests.

Strong problem-solving in Monotonic Stack, Sliding Window, and Dynamic Programming

Data Structures & Algorithms
